According to the Society, the convention producers, the virtual convention kicks off on Monday, February 11th and runs through Sunday February 17th

Society Executive Director, John M. Peckham III said "Just like the six previous annual events which have grown steadily from 20,800 to 37,825 attendees and have featured over 150 national speakers, the 2008 Cyber Convention brings real estate professionals all of the excitement and features of a "hard floor" convention – without any of the expense and aggravations."

“This year’s event will be held in an all new 3-D virtual convention center that is extremely immersive. The new center features the Networking Lounge including an array of discussion rooms at selected Expo Booths and a 24- hour "Ticker Tape" featuring special announcements regarding events and special drawings. Also new this year is a 3-D Convention Program Guide containing comprehensive convention information. Another new feature is the Speaker Showcase will highlight special training sessions and showcased new ideas for real estate professions.”

The Major Sponsors for this annual event are RISMEDIA, Real Estate Magazine, Matthew Ferrara & Company Tech HotLine, the Real Estate Training Center and RealtyU. Official Sponsors include: CCIM Institute, and The Real Estate Apprentice.

“There is very little attendees will miss at this virtual event, Peckham concluded. All of the elements of a "hard floor convention" will be there. The only thing missing will be out of pocket costs for airfare, hotel bills, lost shoe leather, aching muscles, travel hassle, registration fees - and time away from home! Attendees can thank the exhibitors and sponsors for that – it’s their gift to the industry”
